# BUSINESS WATCH PROGRAM

## Keep Your Business Safe and Secure

RIVIERA BEACH CRA  
CLEAN AND SAFE PROGRAM

## Benefits of the Business Watch Program

Business Watch actively reduces and prevents crime through cooperation and education. Programs vary according to needs; however, successful programs adhere to these fundamental steps:

- Promote communication and understanding between businesses and law enforcement.
- Encourages and enhance cooperation among businesses.
- Teach businesses how to crime proof their property.

## Secure your business against crime

### Quick Facts:

- Crimes against businesses are usually crimes of opportunity. If you make it easy for someone to steal from you, chances are they will.
- Business Watch Programs help build strong relationships with law enforcement.
- Law enforcement would rather work for you to prevent crime than spend time apprehending criminals!

***“Creating a Business Watch Program is an effective way to promote communication between law enforcement and businesses as it creates a positive safety perception and eliminates crime before it starts in the CRA District.”***

## Business E-Watch Program
